1908 CATALOG OF PROFIT-GETTING FRUITS

W. N. Scarff — New Carlisle, Ohio

A Field of Haymaker Raspberries
Our Introduction Offers for 1908

Our model collections become more popular each season. They are now planted in almost every state in the union and there is nothing we offer that is so generally satisfactory and profitable. They are genuine bargains.

As a special inducement for you to try our Model Garden we are going to send with each garden order "a set of Rambler Roses" free, 1 Crimson, 1 White, 1 Yellow; these alone are worth $5.00 to you when they bloom. They are a good strong 2-year-old field grown rose and must not be compared with the weak pot plants grown in the greenhouse. They are blooming size now.

![Our Model $5.00 Fruit Garden](image)

**OUR MODEL $5.00 FRUIT GARDEN.**

**BY EXPRESS, PURCHASER PAYING CHARGES.**

VARIETIES so arranged as to have fresh fruit on your table from May 10th to November 1st. Think of such a treat for only $5.00; and fine fruit, too, just as fine as ever went on the table of a Gould or Vanderbilt. If you cannot be a millionaire there is no reason why you can

**Sixteen Large Peaches.**

**Fourteen Large Pears.**

**Twelve Large Apples.**

**Eighteen Large Nectarines.**

**Eleven Large Apricots.**

**Eleven Large Plums.**

**Eleven Large Cherries.**

**Sixteen Large Grapes.**

**Other Fruits.**

The figures above are the approximate number of each variety that you may expect to raise. The net value is based on the average market price of the same fruits at the same season in this locality. For instance, if you order the apples, you will get at least 12 of the very best kinds of apples. If it is not the very best grade, we will make it up to you.

These are the most popular offers ever made in our Catalogue. Every one was more than pleased with them last year and we have made them much better this year. Hundreds of Gardens will be sold this spring. Do not fail to be one of the number.

Our Model Vegetable Collection

**ONLY $1.00 POSTPAID**

Thirty-Five Large Packets of Prize Winning Vegetable Seed. The Most Liberal Offer Ever Made. Everything of the Very Best. Try it and Have the Best Garden You Ever Had.

Any one not wishing the entire collection can select any varieties wanted as follows: single packets at 5c. each, postpaid.

- Asparagus—Palmetto.
- Beet—Blood Red.
- Beans—Green Pod.
- Beans—Dwarf Lima.

- 1 Crosby Peach.
- 2 Elberta Peaches.
- 1 Champion Peach.
- 1 Early Crawford Peach.
- 1 Late Crawford Peach.
- 1 Kalamazoo Peach.
- 2 Early Richmond Cherry.
- 1 Montmorency Cherry.
- 1 Dye House Cherry.
- 1 Orange Quince.

40 Trees for only $5.00. No change of varieties.

THE SET OF RAMBLER ROSES goes with the MODEL ORCHARD FREE.
Some Splendid New Strawberries

We are much pleased to offer our customers some new strawberries of real merit, an improvement over many kinds being offered by other dealers and growers. We find it pays to grow only the best for big returns and good results. You must grow good varieties to succeed. It is absolutely necessary to do it or you fail, no matter how good your ground or how much care you give your plants. The plants we offer are the best varieties that can be obtained. We try almost all kinds. We have to do it to find out which are the valuable ones and then offer those only that prove valuable, thus protecting our customers from a long list of varieties, half of which are absolutely worthless and a waste of time and money to plant. The varieties we offer have made us money. If you will let us do it we can furnish you plants that will make money for you and give you results that will open your eyes. Are you willing? It costs no more to plant our good reliable plants that you can bank on than others, besides, you then have the assurance of success.

GREAT SCOTT. A medium late variety, which produces large fruit uniformly colored with light colored flesh; fairly firm with fruit sometimes rough and irregular. Valuable on account of its immense size and productiveness. This variety was produced by a cross of Bubach and Belmont, both well known varieties. Foliage clean and free from rust and other disease. It should be in every collection of large varieties. Price 50c. per dozen; $1.00 per 100; $5.00 per 1,000.

FAIRFIELD (Per.) A very early variety with the faculty of withstanding droughts. Plant is a fair size, good foliage with long roots. The fruit is of good size and flavor, quite firm and valuable for long shipments. Easy to pick and looks well in the crate. Ripens its fruit in a very short time early in season, thus bringing the highest market price. A very valuable early sort. Price, 25c. per doz.; $1.00 per 100; $4.00 per 1,000.

BRANDYWINE. (Per.) This variety is well known, and has been quite thoroughly tested. It is now regarded as one of the best late sorts known. The berries are all large, well colored and firm. The bulk of the crop ripens very late. It is rather later than Enhance and far more attractive in appearance. Where lateness is desirable, it has quite generally proved satisfactory. Price, 25c. per dozen; 50c. per 100; $3.00 per 1,000.
THE PLACE TO BUY GOOD FRUIT

Stevens' Late CHAMPION
(Per.) This variety makes an abundance of strong plants with good foliage that protects the blossoms and fruit from frost. They are long and uniform in size; color good red, and firm enough for shipment, as it is one of the very best to hold up after picking. Its season to ripen is about the same as Gandy. Price, 25c. per dozen; 75c. per 100; $4.00 per 1,000.

MITCHELL'S EARLY
(Per.) As large and firm as the Crescent, ten to twelve days earlier. Plants the hardest of all known. Growing side with twenty other varieties, nothing approaches it in plant growth. Price, 25c. per dozen; 50c. per 100; $3.00 per 1,000.

WONDER
(Per.) This variety begins ripening about the same season as Wm. Belt. As name implies it is a wonderful berry, very large and is borne on good strong plants with dark leaves and stocky stems. Fruit has a good rich quality of good color and quite firm. It should be in every collection. Price, 25c. per dozen; 75c. per 100; $5.00 per 1,000.

ST. LOUIS (Per)...Seedling of the Lady Thompson Haverland, having the shape of the Lady Thompson but being much larger in size; they have been grown that 12 berries would fill a quart box well filled. They are larger than the following varieties showing that they have size: Klondike, Excelsior, Climax, Michel, and Thompson, which all ripen about the same season as the St. Louis. They have been tested for about five years before offering them to the trade, and have watched closely and think they are the best early large berry that we ever sent out before. Plants grow very thrifty and make clean growth; rust has never shown on them. They are fine rooted, making strong roots and making their plants about 5 to 6 inches apart, which accounts for their large size and large plants. Berries are on long stems, making one of the finest to pick and filling quarts very fast. Color is all that could be asked; firm and very fine flavor. Price of plants, $1.00 per dozen; $5.00 per 100.
MEADE

MEADE (Per.) A splendid grower, producing plants that are large and stocky with good dark green leaves. Berry of large size, globose with good firm texture, valuable for market and home gardens. Price 25c. per dozen; 75c. per 100; $5.00 per 1,000.

GLEN MARY. (Per.) Vigorous and prolific. Berries large, mostly irregular, often flattened and ribbed, but seldom cockscobbled. Dark-scarlet, glossy, beautiful, although an occasional specimen is not very colored. Flesh light red, moderately firm and of good quality to late. In productiveness it seems to excel almost all varieties of its season. Considered by many growers as one of the best large varieties, although a very rough berry, its immense size makes it a valuable sort. Price, 25c. per dozen; 75c. per 100; $4.00 per 1,000.

HAYWARD. A great market berry; early and immensely productive. Berry large, somewhat long and pointed in shape; a standard sort for market. Price, 25c. per dozen; 50c. per 100; $3.00 per 1,000.

EXCELSIOR. The earliest berry in existence. Good size, strong grower, firm and very good color. Beyond doubt the most valuable early berry introduced. It is well known all over the country as the great money maker. Price, 25c. per dozen; 50c. per 100; $3.00 per 1,000.

NEW HOME (Per.) Introduced in 1905 and has been thoroughly tested over a large scope of country. It is as late as Gandy, and produces fruit of a bright red color that holds its lustre well after being picked. Produces well on either high or low ground. Easy to pick and ranks among the first in productiveness. Price 25c. per dozen; 75c. per 100; $5.00 per 1,000.

NEW YORK (Per.) A big fellow, equal to any in size and productiveness. Has won many prizes at exhibitions for size. Productive, medium season, fruit light red, moderately firm. A very desirable market sort. Price 25c. per dozen; $1.00 per 100; $4.00 per 1,000.

ALL STRAWBERRY PLANTS SENT POSTPAID BY THE DOZEN. IF LARGER QUANTITIES ARE WANTED BY MAIL ADD 15C. PER 100 EXTRA TO PAY POSTAGE. WE SEND SIX PLANTS AT DOZEN RATES, 50 AT 100 RATES AND 500 AT 1,000 RATES. SEND US A TRIAL STRAWBERRY ORDER. WE WILL SHOW YOU SOME FINE PLANTS.
PINE APPLE. (Per.) This makes the fourth season we have offered this valuable new strawberry and have as yet failed to hear a single complaint. If you have not yet planted it send your order at once. It has a rich pine apple flavor. Think of it. Strawberries, Pine Apples, could there be a more luscious combination of flavors. It is within itself a three-fold pleasure, viz., to look upon, to smell and to eat. A vigorous grower; berries large size, round and well shaped, beautiful crimson color, about same firmness as Haverland; a perfect bloomer and an abundant bearer, valuable, alike for both home garden and market. Its great beauty and decided pine apple flavor make it a variety that commands a higher price on the market than the ordinary strawberry. We have fine plants of Pine Apple and we will send only fresh dug ones so you will surely succeed. We hope we may have an order from each and every person receiving our catalog for Pine Apple Strawberry Plants, for it will be an advertisement for us that will do us good. In view of this, we are offering them at a very low price for a variety so valuable. Price, 50c. per dozen, postpaid; $1.00 per 100; $5.00 per 1,000.

CORSICAN. (Per.) A distinct new variety of value for market and home garden. The fruit is dark crimson color rich and delicious flavor, large size and quite firm. The foliage is perfectly healthy, making large plants that will protect the fruit from sun and rain. It is a good grower, making the right number of plants and an enormous yield of the finest, largest berries imaginable. Our customers are highly pleased with this great berry. Corsican is a wonderful berry. It is a great pleasure and very profitable to haul the largest berries that go to market. That kind always sells and at the very top price. Corsican is not only big, it is beautiful color, a great yielder, a good foliage to resist disease and drought and even weeds and neglect, but such a variety as Corsican should not be neglected if possible. Do you want big berries? Then plant Corsican. Price, 50c. per doz., postpaid; $1.00 per 100; $5.00 per 1,000.
MARIE, Our Own Introduction

Beyond doubt the most prolific and profitable berry in existence to-day. In yield we will put it up against any new or old variety. In point of beauty and general appearance when placed on sale, it has no equal. It was grown from seed of Crescent, fertilized with Cumberland in 1892. As a seeding it showed great promise. We planted for field culture as soon as sufficient number of plants were obtained, and as yet have failed to detect any weak points in either fruit or plant of this grand variety. The plants are good growers, making plenty of runners for a good crop and show no signs of disease. The blossom is imperfect; season same as Bubach and Haverland. Equally as large as Bubach, Glen Mary or Brandywine, and yielding with any variety in our 40-acre fruit plantation, besides it is the most attractive in appearance when picked and ready for market of any in our entire collection. The berries are round as a ball, dark crimson in color; flesh dark and quality first class holding up in size to the very last picking. Price, 25c. per dozen; 75c per 100; $1.00 per 1,000.

REPEATER
NEW STRAWBERRY—TWO CROPS IN ONE SEASON.

REPEATER. (Per.) For several seasons past our attention has been called to a strawberry which made its appearance in market in September, and we were at first loath to believe that the fruit could be obtained under natural conditions at that season of the year. Investigation, however, showed that such was the case, and the fruit was picked in the open field from the same plants that produced a bounteous crop in June. The fruit is very large when full grown, a glassy crimson, delicious flavor, and a great point in its favor is that it is very easily hulled. It is a perfect blossomed variety, medium to late.

The above is a description by the originator. We now have a fine supply. If any of our customers wish to try it, we will furnish plants as follows: Price, 50c. per dozen; $1.00 per 100; $5.00 per 1,000.

CLIMAX. (Per.) This valuable new variety comes from Maryland and was grown from seed of Bubach, crossed with Hoffman. In time of ripening it is but a few days later than Excelsior and almost as large as Bubach, while in yield, is far ahead of this old favorite. Each berry is a perfect specimen. No misshapen or knotty fruit to sort out or bother with. Yields are reported from its native state from 200 bushels to 500. Another very valuable point is its firmness, being a valuable berry for long shipments. Too much cannot be said for this valuable new production and no one should fail to have it in their collection of valuable new varieties. Price, 50c per dozen; $1.00 per 100; $6.00 per 1,000.

UNCLE JIM. (Per.) A new variety of much worth. The Uncle Jim resembles the New York, Marshall, and varieties of that class; but in quality, firmness and productiveness it is head and shoulders above them all. Unlike many berries of somewhat similar type it has a red flesh when fully ripe, and is a good canner on that account, as well as for its firmness and superior quality. It is wonderfully productive, and the fruit is large. The fruit-stalks are exceedingly strong; but when borne down the berries do not lie and rot on the underside, like some large sorts, before they are ripe enough to pick. They are firm, and will bear handling equal to the Gandy. It begins to ripen a long time before the Gandy, but lasts about as long. It is pre-eminently a variety for the home garden, where highest quality is desired with lots of fruit for the amount of space. Price 50c per dozen; 75c per 100; $1.00 per 1,000.
CLYDE. (Per.) This is perhaps the most popular new strawberry ever introduced, seeming to do equally well in all parts of the country. The Clyde ripens early, is large as Bubach and much firmer. The plant is very vigorous and healthy, foliage light green in color. It makes extra strong plants, with excellent roots reaching far into the soil, and thus being able to withstand severe drouth. Price, 25c. per dozen; 50c. per 100; $3.00 per 1,000.

SAMPLE. "Large size and finer quality, quite firm; continues a long time in fruit. The berries are large to the last. For the market men it is the best strawberry ever grown. It will yield as many berries as the Haverland, and will average as large as Bubach. Colors all over at once. A berry that will do that is the best one found yet. There is not a weak spot in it. Foliage Perfect. Needs no petting." Price, 25c. per dozen; 50c. per 100; $3.00 per 1,000.

GILL. (Per.) A new variety of splendid promise. One of the very earliest to ripen its fruit at the Ohio Experiment Station season of 1906. It makes an abundance of small stocky plants well loaded with fruit of good size. The bulk of the crop is ripened early, and is far superior to the Excelsior in quality. Price, 50c. per dozen; $1.00 per 100; $5.00 per 1,000.

GREENVILLE. Considered by many an improvement on Bubach, especially in point of firmness and vigor of plants, having also a fine color. Has been favorably reported from nearly every experimenter in small fruits in the country. A very fine variety. Price, 25c. per dozen; 50c. per 100; $3.00 per 1,000.

NICK OHMER. (Per.) M. Crawford's report: "After watching Nick Ohmer for years, and never having received one undesirable report on it, I am confident that it is one of the most desirable, if not the very best strawberry ever sent out. There is no other in the market, or in sight, that I would plant with so much confidence. If restricted to a single variety it would be my choice without a moment's hesitation." The plant is large and stocky, sending out plenty of very strong runners. The fruit is of the very largest size—a giant among strawberries. Price 25c. per dozen; 50c. per 100; $4.00 per 1,000.

BUBACH. Large size, handsome and extremely productive. A favorite market sort. Price, 25c. per dozen; 50c. per 100; $3.00 per 1,000.

STAPLES. (Per.) No better fertilizer for Warfield can be had as in no other size, productivity, quality and season, it is almost an exact counterpart. As a canning and preserving berry there are none better; the color is almost a black red, both inside and out, just what every good cook wants for preserving in any way. Our stock is large and price so low that no one need be without it. Price, 25c. per dozen; 50c. per 100; $3.00 per 1,000.

WARFIELD. The Berries are of good quality, dark color, medium size, firm, regular size; sub-acid. A very profitable berry for nearby or distant market. Season early. Price, 25c. per dozen; 50c. per 100; $3.00 per 1,000.
SENIOR DUNLAP

SENATOR DUNLAP (Per.) A well-tested, wonderfully-productive variety, one of the safe sorts to plant everywhere and sure to take a high place among the prominent standard sorts. Plant resembles Warfield, rampant runner, should be restricted in its production of plants, fully equal to Crescent and Warfield in its ability to succeed under all circumstances. Fruit large size, regular form, beautiful bright red, glossy, firm, splendid keeper and shipper, excellent quality; one of the best for canning; ripens early and continues a long time. It stands at the head in its wonderful ability to ripen a good crop under almost any condition of drought or neglect. Price, 25c. per dozen; 50c. per 100; $5.00 per 1,000.

GANDY

GANDY. (Per.) This is not a new berry, but one whose value as a profitable market sort has been overlooked. Its season is very late, and is in its prime when most other sorts are gone, or so nearly so as to be very inferior. The fruit is large, handsome and uniform, and makes an excellent showing on the market. While it is claimed by many to be a shy bearer, we find that it yields a fair quantity of berries the first year, and improves with age until it becomes four or five years old. In our markets we find that the price always advances in the latter part of the season, when most other berries are gone. Prices, 25c. per dozen; 50c. per 100; $2.00 per 1,000.

LOVETT

LOVETT. (Per.) One of our best pollenizers. It is certainly a valuable acquisition to the list of good berries. Fruit large, solid and firm, excellent for market, and first-rate for home use also. It has a healthy, vigorous plant, ranks above medium in productivity. Price, 25c. per dozen; 50c. per 100; $3.00 per 1,000.

PARSONS' BEAUTY

PARSON'S BEAUTY (Per.) A good grower with clean foliage and productive. Berries large and conical, bright red and firm. Ripens in mid-season and valuable as a canning sort. Price 25c. per dozen; 50c. per 100; $4.00 per 1,000.

LATEST. A valuable late sort producing dark glossy red berries that are quite showy when packed for shipment. The berries firm, quite sweet and palatable. Foliage healthy and vigorous. Price 25c. per dozen; 50c. per 100; $4.00 per 1,000.

KITTY RICE

KITIE RICE. Berries quite large, glossy and of dark-red color. Quality extremely fine. The plants are good growers—both strong and vigorous and very prolific—being valuable for both home garden and for commercial purposes. Season of ripening about same as Bubach. This is one of the fancy berries that pleases the amateur grower. The Ohio Experiment Station says it is "easily the peer of Marshall, Wm. Belt, N. Ohmer" for the amateur. Price, 50c per dozen: $1.00 per 100; $6.00 per 1,000.
# Price List of Strawberries

**Price List of Strawberry Plants.** All marked (Per.) are perfect blooming varieties. All others are imperfect and must be planted beside the perfect blooming kinds. Prices named are for plants by mail postpaid at dozen rates. If 100 plants are wanted by mail, add 15c. extra to pay postage.

### Nettie

**Nettie.** One of the latest berries grown; this combined with its immense size and productivity makes it a sure money-maker. The berry is of a light color, acid flavor, very popular in the east where it originated, and growers there claim it to be much later than Gandy and brings the highest price of any berry on the market. On our own grounds it bids fair to be one of our very best commercial sorts. We advise our customers to give it a thorough trial. Price 50c. per dozen; $1.00 per 100; $5.00 per 1,000.
CULTURE. Raspberries will do well on any soil that will produce a good corn crop. Land should be thoroughly prepared and well enriched. Keep well cultivated and free from weeds and suckers. As soon as they have done bearing, cut out the old wood to give more vigor to the young canes. Plant in rows six feet apart, and two and one-half feet apart in rows.

We grow the finest Raspberry Plants in the World. There is no Doubt But Our Varieties are the Kinds That Make Money... They Have Done it for Us. They Will do it for You.

MUNGER. Another season only proves the superiority of this grand new black cap. It is no doubt the very best of the late kinds. Fruit very large and firm, juicy and splendid for canning. Canes upright and strong growers. Fruit easily sells for 50c. per bushel in advance over other black caps. An improvement over Greggs, which it resembles in cane and fruit. You can safely plant it for either home use or market. Price, 50c. per dozen; $1.50 per 100; $12.00 per 1,000.

CUMBERLAND. In hardness and productiveness it is unexcelled by any other variety. In size, the fruit is simply enormous, far surpassing any other sort. The berries run seven-eighths and fifteen-sixteenths of an inch in diameter, and are of such handsome appearance that their fruit sold for 10c. per quart, when other varieties were selling for 5c. to 7c. per quart. In spite of its unusual size, the fruit is possessed of its great firmness and is thus well adapted for standing long shipments. It follows Palmer and Souhegan and precedes Gregg a short time, making it a mid-season variety. The bush is exceedingly healthy and vigorous, throwing up stout stock canes, well adapted for supporting their loads of large fruit. It has also shown itself remarkably free from that scourge of its family, anthracnose. Large growers report yields of two and three times as much per acre as Ohio, under same conditions, and far ahead of other varieties. Price, 50c. per dozen; $1.25 per 100; $10.00 per 1,000.

BLACK DIAMOND. A berry very popular among western New York growers, a fruit center that stands among the very first. Valuable for evaporating, canning and home consumption. One of the strongest growers making an abundance of good, clean wood which ripens up well in the fall, thus enabling it to withstand the cold winters remarkably well. Fruit jet black and juicy with few seeds. Season about the same as Kansas. Well worthy of a trial. Price 50c. per dozen; $2.00 per 100; $15.00 per 1,000.

NOTE
Our Plants are first class, full of life, and worth double the price of many on the market. Besides they are the varieties that will make you money if that is what you are after.
Earhart Ever-Bearing Raspberry

EARHART EVER-BEARING RASPBERRY. Actually bears continually from June 1st until killed by frost in September. The canes are literally loaded with fruit in all stages from blooming to ripe fruit. Creates the greatest surprise when shown at fairs and horticultural societies. Has no equal as an ever-bearing variety. A great novelty and a very valuable one as well. Price, 20 c. each; $2.00 per dozen, mail postpaid.

GREGG. An old variety of merit too well known to need description. Price, 25c. per dozen; $1.00 per 100; $8.00 per 1,000.

CONRATH. A Blackcap coming originally from Michigan. Compared with Gregg, they are two weeks earlier, harder, less subject to disease, and fully equal to that variety when at its best in productiveness and quality of fruit." Price 25c. per dozen: $1.00 per 100; $8.00 per 1,000.

KANSAS. A variety of worth. It ripens a few days after the Eureka, and is of large size. Canes quite thorny and covered with thick bluish bloom. Price, 25c. per dozen; $1.00 per 100; $8.00 per 1,000.

Perhaps the best of the earlier varieties of earlier kinds. Fruit large and good size. Bush a vigorous grower, and very productive. Price, 25c. per dozen; $1.00 per 100; $8.00 per 1,000.

EUREKA. Ripens early with Palmer; fruit firm, of large size, equaling Gregg; superior quality, free from bloom, making it very attractive in fruit box; brings the highest price. Strong grower, very hardy, healthy foliage, and in some localities stands at the head of productiveness. Price, 30c. per dozen; $1.00 per 100; $10.00 per 1,000.

We can also furnish Shaffer, Marlborough, Turner, Hansell, Thompsonena, Lotta, Alpha, Mammoth Cluster, Tyler, Nehemia, at 25c. per dozen; $1.50 per 100; $10.00 per 1,000.

BUCKEYE EVERBEARING. Our attention was called to this excellent ever-bearing raspberry. The fruit on the whole was the largest we have ever seen, and when firmed up by a bit of sugar and put in the refrigerator, became very attractive. A very hardy variety, and one of the best the growers have at present. Future plantings of this variety will, therefore, receive our hearty recommendation. Price, 25c. per dozen; $1.00 per 100; $8.00 per 1,000.

Perhaps the best of the earlier varieties of earlier kinds. Fruit large and good size. Bush a vigorous grower, and very productive. Price, 25c. per dozen; $1.00 per 100; $8.00 per 1,000.

Our 75c Grape Collection

We expect to sell 5,000 of these grape collections. They are sold simply to introduce our stock in every home. Each collection contains the new Campbell's Early Grape, which sold for $1.00 each only a few years ago. Add your name to the list for a collection while you can get it. It is worth at least $1.00 to any one.
HAYMAKER. This valuable new raspberry is certainly the greatest acquisition of years in raspberries of its class. From actual figures Haymaker returned a net profit of over $300.00 per acre last year. Growers coined money from it. The Haymaker is a purple cap not so dark as Columbian or Shaffer, and much larger and firmer than either of those varieties, never crumbles and stands up well in shipping. It is a berry to grow for either home use or market. The originator has found it the most profitable berry ever raised for market and has never yet been able to supply the local demand. Recommended by experiment stations and leading Horticultural Societies everywhere. It certainly is a leader. Price, 10c. each; 75c. per dozen; $2.50 per 100; $20.00 per 1,000.

THE NEW CARDINAL RASPBERRY. This wonderful berry is a surprise in the fullness of its merits—its great growth, extreme hardiness, and the exceeding productivity of its choice purple, pure-flavored berries. It will pay. It is not a novelty, but a variety of great merit. The new Cardinal will grow ten feet, and bears in proportion. Leading horticulturists who have seen this berry say that it is one of the wonders of the century, so far exceeding all others as to put it entirely beyond comparison. Judge Wellhouse, president of Kansas State Horticultural Society, said at the meeting of the society that the introduction of the Cardinal Raspberry would add millions to the wealth of the farmers of the country because of its inherent great vigor and exceeding productivity. Price, 10c. each; 75c. per dozen; $2.00 per 100; $15.00 per 1,000.

Ruby

IT'S STRONG POINTS.
THE BEST BERRY TO GROW FOR PROFIT.

RUBY. A seeding of the well known variety "Marlboro." It is a strong grower of large hardy canes, and a good plant maker. It ripens with the earliest, and continues picking a long season. Its fruit is large, bright red in color, exceedingly firm and of a good flavor. It stands shipment long distances, being shipped daily from this point to Boston through its whole season. It has been grown commercially for seven years, and to-day stands ahead of all others as a berry for the grower to plant for profit. Price, 10c. each; 1.00 per dozen, postpaid; $4.00 per 100 by express.

GOLDEN QUEEN. This variety is almost identical with Cuthbert, except in color. It being a beautiful yellow. Fruit large, productive; quality first class. It is beyond doubt the finest and most profitable yellow berry grown. Price, 50c. per dozen; $2.00 per 100. MIFFNER'S RED. Very early. Berries bright red, large and hold their size to the end of the season. Very firm, hence valuable to ship to distant market. Price, 25c. per dozen; $1.00 per 100; $6.00 per 1,000.

LONDON. The superior points of this excellent red raspberry are vigor of growth, large fruit; beautiful rich dark, crimson color; good quality and marvelous productivity and hardiness. Season medium to late. Price 50c. per dozen; $2.00 per 100; $15.00 per 1,000.

CUTHBERT. A leading market variety for main crop. Price, 25c. per dozen; $1.00 per 100; $6.00 per 1,000.

COLUMBIAN. A purple variety once very popular, but now superseded by Cardinal and Haymaker. Price 50c. per dozen; 1.75 per 100; $15.00 per 1,000. Note.—If raspberries are wanted sent by mail add 10c. per dozen, 30c. per 100 extra for postage except when marked postpaid.
EATON. A new red raspberry that is entirely distinct from all other varieties. In character of growth, in size, color, firmness and yield of fruit. In length of season, and in all strong points of merit it stands unequalled and alone. A variety that is at once perfectly healthy in root and foliage, and hardy—coming through our most severe winters in prime condition—a strong—"not tall and slender," but a sturdy grower, throwing out many laterals, and fruiting to the tips and from every lateral a sight to see, an immense crop, by far outyielding any red raspberry we have ever known, while the fruit is extraordinarily large and handsome, firm and of the highest quality.

There is nothing better being very large, solid and good keepers. Season lasting about six weeks. Can gladly recommend them to anyone wanting fine fruit. Price, 15c. each; $1.50 per dozen, postpaid; $10.00 per 100 by express.

KING

KING. The earliest Red Raspberry on record. It is the early Red Raspberry that makes the big money—often sell for 25c. per quart. You want to add this one to your collection.

"Round, medium size; light crimson colored; firm and of excellent quality. A seedling of Thompson and ripens about the same time, but larger and more productive."

King is in a class by itself. Nothing compares to it in yield, beauty, firmness or size. Supply very limited, order at once. Our plants are genuine. Price, 75c. per dozen; $2.00 per 100; $15.00 per 1,000.

Brilliant

-New Red Raspberry. Offered by us after thorough tests on our ground. We offer it with perfect confidence. It ripens its fruit early and quick. The entire crop is ready for market while price is high. Berries large, beautiful, Brilliant, just as the name implies. Carries its bright, brilliant red to market and looks as fresh as when first picked. A great market variety. 10c. each; $1.00 per dozen; $5.00 per 100; $30 per 1,000.

"A Straight Road to Success."
BLACKBERRIES

We excel in growing fine Blackberry Plants. Our assortment is perhaps the largest of any grown in the United States. Our plants are mostly root cuttings, and as fine as can be grown. You make no mistake in ordering your Blackberries of us, as both our price and stock are right.

REPRODUCED FROM BOX PICKING, AUG. 10, 1906

BASKET OF

Blower Blackberries

27 BERRIES FILLED THE BOX LEVEL. THERE ARE 40 BERRIES IN THIS BOX.

The Berries Were Not Selected. This Photo Shows Average Size.

BLOWER. The berries are very large, equal in size to any blackberry we have seen. The bush grows well and is a very valuable new variety. It comes from the state of New York and the introducer makes the following claims for it, besides furnishing a long list of testimonials from good authorities all over the East:

Blowers' Blackberry are always on top. They are big, luscious, overshadowing all other; never winterkill, always in demand, rich in quality and quantity. Record from ¼ acre: 2,347 qts., 3,520 lbs., 1 ton, 1,520 lbs.; 73 bushels, net price, $264.04; rate of $1.056.16 per acre. Height of bushes, 14 feet; berries on one bush 2,964. Price, 15c. each, $1.00 per dozen; $3.00 per 100.
MERSEREAU

This early, mammoth, ironclad Blackberry is by far the most valuable variety that has appeared since the advent of the Wilson, over 30 years ago. It originated in northwestern New York, where the mercury falls from 15 to 25 degrees below zero, and where it has stood in open field culture for many years without the slightest protection, never being injured in the least. It has never had a leaf affected with orange rust, blight or other disease, or produced a double or "rose" blossom.

In quality, it is exceptionally sweet, rich, melting and luscious, being without core; the seedy character of Snyder and most other sorts is noticeably absent. As a shipper and keeper it is unsurpassed, remaining firm without "bleeding" in handling.

The canes are of exceedingly strong, upright habit, attaining upon fairly good soil a height of 8 feet, if permitted to grow unchecked, and are so stout as to always remain erect; foliage large, deep green, abundant and entirely free from rust or blight. The yield is simply enormous, producing double the quantity of fruit per acre of the Snyder, Kittatinny or Taylor's prolific, and affording heavy pickings from the first until the crop is all matured. Its season is early to mid-season, ripening with the Snyder—in advance of Kittatinny, Lawton, Taylor's Prolific or Erie, but not so early as Early Harvest or the Wilson. Price, 75c. per dozen; $2.50 per 100; $20 per 1,000.

Stone's Hardy

STONES HARDY... Strong grower; perfectly hardy, canes full of spines. In order to get best results it should receive thorough cultivation or heavy mulch, and thoroughly pruned. It sets more fruit than it can mature properly under ordinary cultivation. Price, 25c. per dozen; $1.25 per 100; $10.00 per 1,000.

ERIK. This is a hardy variety, a vigorous grower, and quite productive. Foliage clean and free from rust. Fruit large and of good quality. Price, 30c. per dozen; $1.50 per 100; $12.00 per 1,000.

LAWTON. (New Rochelle). An old favorite, 100 averaged-sized berries weigh one pound. Esteemed for its productiveness and large size. Like Kittatinny, it is of strong, erect growth, but much more free from rust. The berries are large and delicious when fully ripe. Mid-season to late. Price, 25c. per dozen; $1.25 per 100; $10.00 per 1,000.

ELDORADO. This is one of the valuable varieties for market and home use. It is a strong, upright grower, moderately full of thorns. About equal in productiveness to Snyder. The fruit is jet black, never coloring red after picking, fully as large again as the average Snyder berry. The flavoring is excellent, differing from all others in this respect, imparting a rich, aroma, melting and juicy with but little core. This is unquestionably one of the finest. Highly recommended by experiment stations and growers everywhere. It will sell for 50c. to $1.00 per bu. in advance of Snyder. We quote words of commendation from the following high authority: "This berry was noted last year, and is of much promise; so much that a special colored plate has been made. It is an oblong, irregular berry of large size, fruiting in pendulous, slender, hairy spikes with few thorns. Color black, flesh deep crimson, with tender core; flavor sweet, rich quality, and very good."

H. E. VanDeman, U. S. Agr.,
Washington, D. C.
Price, 50c. per doz; $2.00 per 100; $15 per 1,000.
RATHBURN

RATHBURN. The berries are large, larger than Kittatinny, of an intense jet black, very glossy and of permanent color, never turns red, without any hard core, small seeds extra fine quality, with a peculiarly rich aroma, and sufficiently firm to carry well to market. It is in habit of plant, however that this variety differs from others. The plant suckers very little; it makes a strong, upright stem, from which the branches start out long and drooping, and the ends of which root readily in the ground, like Blackcap Hawthorn berries, if covered lightly with soil. It is not a dewberry, as one might suppose from this description, but simply a blackberry with the tip-rooting habit; its central stem is a erect and stout as that of any other blackberry. It forms a compact bush of four to five feet high, with canes much less thorny than other varieties, and yield abundantly. It ripens early—about with Wilson. All who want a large blackberry of the highest quality should certainly try this. Price, 10c. each; 75c per dozen; $3 per 100; $20.00 per 1,000.

WARD BLACKBERRY. We quote description by a very prominent horticulturist who accompanied a committee from the New Jersey State Horticultural Society on a trip to the home of the Ward to look into the claims being made for it. "It was the most astonishing sight I have ever seen. Hedge rows were six feet apart, canes standing 4 to 4½ feet high, and some 2½ feet wide across, and the tops were such a solid mass of green, red and black berries as to almost exclude the foliage from sight. The ripe ones were big glossy black fellows, fully one-half larger than Snyder, rich sweet, tender and melting, with no hard core at the center. One-third of an acre in 1902 yielded 47 bushels and about 60 bushels in 1903, or an average priced New Jersey markets. This made $644 per acre, which must have meant $55 per acre profit. The canes are very hardy, never one having been known to winter-kill. A perfect blackberry is Ward. Price, 10c. each; 75c. per dozen, postpaid; $2.00 per 100; $15.00 per 1,000.

PREMO Dewberry

Much like Lucretia, but very distinct and exceedingly early, being seven to ten days ahead and all cleaned off when Lucretia is beginning. Quality and size uniform. Was found in a Lucretia patch. Price, 10c. each; 50c. per dozen; $1.00 per 100; $15.00 per 1,000.

LUCRETIA DEWBERRY. The berries are far larger and incomparably better than any blackberry, and of unequalled excellence; soft, sweet and luscious throughout; of brightest, glossy black color. Price 25c. dozen; $1.00 per 100; $7.00 per 1,000.

AUSTIN DEWBERRY. Earlier than Lucretia, same size. Price, 25c. dozen; $1.00 per 100; $7.00 per 1,000.
OHMER. (Purchased from the disseminator of the Gregg Raspberry.) Hardy healthy, very large; ripening after raspberries are gone, and lasting till late in August, when prices are up. Excellent quality; firm; no core. Five points will recommend this berry: Hardy, late, large, productive, and of the finest flavor; also brings $0.60 to $1.00 more a crate than Snyder or Taylor. As large as the largest; as hardy as any good berry; very productive; strong grower; finest quality, and late. Price, 50c per dozen; $2.00 per 100; $15 per 1,000.

ANCIENT BRITTON. One of the best hardy varieties; in Wisconsin and other northern states, is superseding all other kinds; without booming, has worked its way on its own merits to the highest place as a profitable and valuable market sort. Very vigorous, healthy and hardy, producing large fruit stems, loaded with good-sized berries of fine quality that carry well and bring highest price in market. For general planting for home or market in all sections subject to severe winters, the Ancient Britton is recommended as a firstclass variety. Price 80c. per dozen; $1.50 per 100; $10.00 per 1,000.

AGAWAM. Medium size; jet black; is valuable especially for home use. Price 30c. per dozen; $1.50 per 100; $10.00 per 1,000.

WAUCHESETTS. (Thornless. Remarkable from the fact it is almost entirely without thorns. Strong grower; fruit fair size; sweet and moderately productive. Price, 75c. per dozen: $2.00 per 100; $15.00 per 1,000.
EARLY KING. An extra early and exceedingly hardy variety of great merit. Canes of strong growth, as hardy as Snyder, and very prolific. It is larger and earlier than Early Harvest, and its delicious sweetness renders it of special value for the home garden. It is also free of double blossoms, rust or other disease. It has been throughly tested in the North, and has given very general satisfaction. Highly recommended by the experiment stations. Growers coin money on this variety on account of its hardness, large size and earliness. The only large early berry grown. Many dealers send out Early Harvest plants for this variety as the genuine stock is very scarce. Our plants are fine and true to name. Be sure to add it to your collection. Price, 50c. per dozen; $1.50 per 100; $12.00 per 1,000.

TAYLOR. Berry medium size; jet black; ripens late; of much value, as it comes in after main crop of Snyder and other kinds are gone. Bush strong grower. Price, 25c. per dozen; $1.25 per 100; $10 per 1,000.

WILSON EARLY. Good market variety; berry very large, sweet, good. It is a prolific bearer. Early. Price, 25c. per dozen; $1.25 per 100; $10.00 per 1,000.

KITTATINNY. An old variety of great value where it is not affected by rust. Fruit large; berry long and ripe as soon as black. Medium early. Price, 25c. per dozen; $1.25 per 100; $10.00 per 1,000.

EARLY HARVEST. The earliest blackberry to ripen. Fruit jet black, glossy, sweet and fine flavor, size a trifle smaller than Snyder. Very profitable on account of extreme earliness and great productiveness. Price, 25c. per dozen; $1.00 per 100.

SNYDER. Every one knows Snyder to be an old favorite and valuable for main crop. Price, 25c. per doz.; $1.00 per 100; $8.00 per 1,000.

$250.00 PER ACRE NET.

"I had just one acre of Snyder. I sold 123 bu. for $250.00 net, which I think is pretty good, beside I have lots of sucker plants to sell with a demand greater than the supply, etc., etc."

Seth W. Huntley.
August 30th, 1905.
KENOYER

KENOYER: This variety is a cross between Kittatinny and Early Harvest, and was originated in Kansas. It is about the same season as Early King. Fruit large and luscious. The canes are strong growers resembling Kittatinny in wood and leaf. This variety will produce well in almost any soil especially on thin clay land where other varieties would not produce at all. It is well worthy of a trial, as we consider it one of the best early berries. Price, 10c each; $1.00 per dozen; $3.00 per 100.

We excel in fine Blackberry and Dewberry plants—Read what one of our customers says:

Hanover, Pa., April 16, 1907.

Dear Sir: The Dewberry plants, which are very fine, came to hand, for which accept thanks.

O. T. Everhart.

STRAWBERRY GUAVA

A Luscious Tropical Fruit and Charming House Plant

This is a native of Cuba and other West India islands where its fruit is of great value for food and also for making confections, which are exported to all parts of the world. Here in our climate, it makes a charming house plant, rivaling the famous Otaheite in beauty. It is a nice, clean grower, with thick, glossy green leaves, and like the orange it bears both flowers and fruit at the same time. The flowers are pure white and delightfully fragrant. The fruit is large, nearly the size of a walnut, and of a beautiful reddish color; the flavor is delicious, sweet and spicy, and yet rich and delicate. It is very rare and interesting. The plant begins to bloom and bear fruit while quite small. Nice plants. Price, 25c. each.

VINE PEACH

Beautiful vegetable, grows on vines like melons, resembling oranges in color, shape and size. Delicious for preserves and sweet pickles, excellent fried or for mangoes; Pkt. 5c.
CURRANTS

No garden is complete without them. Easy to grow and sure to bear. Our list comprises only the very best in cultivation.

WILDER

WILDER. A remarkable variety, for which we predict great popularity; both for table and market. One of the strongest growers and most productive. Bunch and berries very large, bright, attractive red color; even when dead ripe; hangs on bushes in fine condition for handling as late as any known variety. Compared with the celebrated Fays, is equal in size, with longer bunch, better in quality, with much less acidity; ripens at same time, continues on bush much longer; fully as prolific, in some trials largely outyielding it. Price, 15c. each; $1.00 per dozen; $5.00 per 100.

London Market

LONDON MARKET. The home of this valuable currant is Michigan, where hundreds of currants are grown for the Chicago markets. No other variety is so popular in that noted fruit section. The fruit is of good size, being larger than Victoria, Versailles and North Star. It begins ripening at an early age and is enormously productive. The bush is healthy and holds its leaves until snow flies. Valuable for the home gardens or commercial purposes. Price, 10c.; $1.00 per dozen; $5.00 per 100.
PERFECTION

PERFECTION. A variety that originated in New York, and has received many medals and prizes where it has been on exhibition at Horticultural Societies and exhibitions. It is a beautiful bright red in color. Size equal to Fay, the cluster averaging longer with good long stem, making it easy to pick. Equal in productiveness to any of the large sorts. The quality is rich, mild, sub-acid with few seeds. One of the best varieties for table use. The bushes making good growth and have an abundance of large healthy foliage. Price of good plants 20c. each; $2.00 per dozen; $15.00 per 100.

NORTH STAR. Has proved to be hardy wherever without a single exception. Single berries of that short-bunched Cherry Currant can be grown a larger size than the North Star, but the average bunches of the latter are much heavier, while in quality the fruit is less acid and more agreeable to eat out of hand than the Cherry or any other variety. In quality it is nearer the flavor of the Red Dutch than any other variety. Price, 10c. each; $1.00 per dozen; $5.00 per 100.

RED CROSS. Jacob Moore, the originator, says: "Red Cross clusters are long and have well-necked berries, double the size of Victoria, and far superior in quality to Cherry or Victoria. Nothing will compare in quality with Red Cross but White Dutch, which is so small. Red Cross was first fruited in 1889. I have seen the fruit growing in such masses as to hide the upper branches from view. It is later than Cherry. The plant makes twice the growth of Cherry and yields two or three times as much fruit. I recommend it with confidence. I consider Red Cross one of the best of the new currants." Price, 15c. each; $1.00 per dozen; $6.00 per hundred.

Currant and Gooseberry plants sent postpaid at price per single plant. If wanted by mail in large lots, add 15c. per dozen; 50c. per 100 additional to pay postage.

VERSAILLES. A currant of great beauty as bunches are long and berries of large size and excellent quality. Price, 10c. each; 75c. per dozen; $4.00 per 100.

CHERRY. Strong grower; fruit very large, sometimes measuring one-half inch in diameter. Price, 10c. each; 75c. per dozen; $4.00 per 100.

RED DUTCH. Berries medium; profuse bearer; bush very strong grower, and comparatively free from borers. Price, 10c. each; 75c. per dozen; $4.00 per 100.

NORTH STAR. Large; bunches long; berries bright red color of excellent quality; bush good grower; extremely hardy. Perhaps this is the best of the older varieties of currants. Price, 10c. each; 75c. per dozen; $4.00 per 100.

WHITE GRAPE. The best white currant. Fruit large and sweet; bush good grower, and produces large crops. Price, 10c. each; $1.00 per dozen; $5.00 per 100.

BLACK NAPLES. The best black currant for all purposes and will stand more arid climate; valued by some for jellies; it is very productive and hardy. Price, 10c. each; $1.00 per dozen.

FAY'S PROLIFIC. Perhaps no other currant has received so much praise as has Fay. It is very large, and always sells well and at high prices. We consider it does better on heavy clay soil, well manured and thoroughly cultivated, than on lighter soils. Price, 10c. each; $1.00 per dozen; $5.00 per 100.

GOOSEBERRIES

A good soil, thoroughly pruning, top dressing with manure are the essentials for a crop of gooseberries. For worms, use Paris Green or White Heelmore. For mildew, Potassium Sulphite, one ounce to four gallons of water.

VARIETIES AND PRICES

RED JACKET—Price, strong plants, 15c. each; $1.50 per dozen; $10.100 per 100.

PEARL—Price, 15c. each; $1.50 per dozen; $10.00 per 100.

H OUGHTON—Price, 10c. each; $1.50 per dozen; $10.00 per 100.

INDUSTRY—Price, 20c. each; $2.00 per dozen; $12.00 per 100.

G HATAQUA—Price, 20c. each; $2.00 per dozen; $12.00 per 100.
Our Champion Grape Collection

One Strong Vine of Each Postpaid for 75 Cents

This is the same collection we offered last spring. So great was the demand for it and it gave such universal satisfaction that we have decided to hold the offer open another year. The collection consists of eight of the very finest grapes grown. Just the thing for the home garden or for covering an arbor. The eight varieties are as follows, all strong one year vines:

BRIGHTON (red), WYOMING (red), NIAGARA (white), MO. DIAMOND (White), CONCORD (blue), CAMPBELL'S EARLY (blue), MOORE'S EARLY (blue), WORDEN (blue).

Our price is so low that every one buys them. It is the most liberal fruit offer we ever made. Send order at once. Price, one good strong one-year vine of each, postpaid, only 50c. If extra heavy 2-year-old vines are wanted by express we can send the collection for $1.25.

GRAPES

CAMPBELL'S EARLY. (Blue.) Ripens with Moore's Early, but will keep in sound, perfect condition long after that variety is gone. Bunch and berry large, glossy black, with blue bloom, sweet and juicy, seeds few and small, part readily from the pulp. Stands at the head of early black grapes for quality. Price, 25c. each, $2.50 per dozen.

WYOMING. (Red.) A popular market sort. Berry small; quality good; very productive and hardy, resembling Delaware somewhat; valuable for home use or market. Price, 15c. each, $1.50 per dozen.

WORDEN.. (Blue.) A valuable black grape ripening from three days to a week before Concord. Berry large of good quality; thin skin; very productive; vine a strong grower. The most popular black grape grown to-day. It comes in early enough to avoid the rush of Concord, thus brings 1 to 3 cents per pound more. Price 15c. each; $1.50 per dozen.

MOORE'S EARLY. (Blue.) A large black grape, ripening a week earlier than Concord; good grower; berries large, good quality, and makes a moderate yield; very valuable as an early grape. Price 15c. each $1.50 per dozen.

NIAGARA. (White.) The most popular white grape in existence. Fruit large and very productive; a good grower; ripening same season as Concord; equally good; valuable in every way. Price, 15c. each; $1.50 per dozen.

Brighton. (Red.) One of the best red grapes in cultivation. Bunch large and compact; a strong grower and very productive; quality good. Price, 15c. each; $1.50 per dozen.

CONCORD. (Blue.) An old variety does well wherever planted; good size; productive. Price, 10c. each; 75c. per dozen.

MOORE'S DIAMOND. (White.) The color is a delicate greenish white, with a rich yellow tinge when ripe. Very few seeds, juicy, and almost entirely free from pulp, which makes it almost transparent. Berry size of Concord and two weeks earlier. Price, 15c. each; $1.50 per dozen.
OUR NOVELTY FRUIT COLLECTION

These new and rare fruits will prove very interesting and of value; entirely different from ordinary fruits, and should be planted by everyone loving rare specimens.

STRAWBERRY-RASPBERRY

Valuable for the extreme north, as the fruit is born on the young growth, and is of course, hardy in any climate. This is an entirely new fruit, both in habit of growth and form of fruit.

Bushes grow 1 to 3 feet high, and are covered with raspberries in the shape of strawberries. They are upright in manner of setting. Perfectly hardy, bound to become a valuable addition in the fruit line. It is very productive and a distinct novelty in small fruits. 15c each, $1.00 per doz. $6.00 per 100.

ROCKY MOUNTAIN CHERRY. IMPROVED DWARF. This is a shrub which originally grew wild in the mountains. The fruit has been greatly improved by cultivation and is claimed to be, when fully ripe the best fruit of its season. The fruit is jet black when ripe, and in size averages somewhat larger than the English Morello. Its flavor is similar to the sweet cherries. The introducer says: 'I could sell wagonloads of these cherries at 10 cents per quart. They never failed to bear fruit each year; late frosts never affect them; the tree is entirely hardy; it has endured 40 degrees below zero without injury; Price, 20c each; $2.00 per dozen.

JAPANESE WINEBERRY. Ornamental both in fruit and plant. Canes covered with purplish red hairs. Fruit in large clusters and each berry at first tightly enveloped by the large calyx, forming a sort of burr, which is covered with purplish red hairs. These gradually open and turn back, exposing beautiful wine-colored fruit of medium size, brick sub-acid, retaining flavor when cooked; highly esteemed for canning preserves, jellies, etc. Price, 15c each; $1.00 per dozen postpaid. 10c each.

BUFFALO BERRY. Fruit resembles small currants, but is of richer taste and literally covers the twigs and branches. If not gathered will remain on plants through the winter. Esteemed for preserves, tarts, preserves, jellies, etc. A constant and prolific bearer, even and will thrive anywhere. A tree-like shrub, worth cultivating for ornamental purposes alone. Price, 25c each; $2.00 per dozen.

IMPROVED DWARF JUNEBERRY. A good substitute for the large or swamp huckleberry, or whortleberry, which it resembles in appearance and quality. The fruit is borne in clusters, and is reddish purple in color, changing to a bluish black. In flavor it is mild, rich sub-acid; excellent as a dessert or fruit canned. The bushes are extremely hardy, enduring the cold of the far North and heat of summer without injury. When this fruit becomes better known to the public it will be very popular. It is much larger and better flavored than the mild Juneberries. 10c. each; $1.00 per dozen, postpaid; $5.00 per 100 by express.

OUR NOVELTY COLLECTION.

We will send postpaid one plant each of these new varieties:—Japanese Wineberry, Rocky Mountain Cherry, Buffalo Berry and Strawberry—Raspberry for only 75c.

Dwarf Rocky Mountain Cherry.
Select List of Fruit Trees

APPLES

The varieties named are beyond doubt the most profitable for market and best bearers for home use. You run no risk whatever in making your selections from us. Our trees will please you.

BISMARK APPLE. Tree of short, stocky growth, thick healthy foliage; makes beautiful specimens grown in pots for decorative purposes. Fruit large, handsome, yellow, sometimes shaded red cheek; flesh tender; pleasant sub-acid. Entirely new in its remarkable quality of producing crops on young trees, seldom failing to bear when two years old. Price of trees, 25c. each; $2.50 per dozen. By mail, 30c. each; $3.00 per dozen.

The Opalescent VALUABLE NEW APPLE.

All who have examined the Opalescent regard it as the handsomest apple grown. It is not only highly colored but susceptible of a very high polish, reflecting objects near it like a mirror. This feature makes it a highly prized sort for fruit stands. The flesh is yellowish, tender, juicy and good, size large to very large, and color light, shading to very dark crimson. Season, December to March. By mail 25c. each; $2.50 per dozen, postpaid. Large trees, express 35c. each; 9 for $2.00; 12 for $3.50.

Winter Banana Apple

This valuable new apple is a surprise to all who eat it, owing to the decided banana flavor and taste it imparts, besides it comes into bearing in two years from planting, and continues to produce full crops each succeeding year. The fruit is large, perfect in form, golden-yellow, beautifully shaded and marbled with bright crimson. Flesh, lemon-yellow, creamy texture like a well-ripened fall pippin, rich, of highest quality and a good keeper—from November until May. Tree a remarkable strong grower, of ironclad hardness, with a large foliage that never blights or mildews and produces enormous crops every year. A truly wonderful fruit. First-class, each, 35c.; doz., $3.50; per hundred, $20.00. One year, by mail, each, 35c.; doz., $3.50.

BARGAINS NEW APPLE COLLECTION

For only 75c. we will send postpaid one mailing size tree of Bismarck, Opalescent, Winter Maiden Blush and Winter Banana, 3 trees of each for $2.00. One large tree of each by express for only $1.00. Three large trees of each for $2.50 by express.
WINTER MAIDEN BLUSH or (Greenville). This variety is identical with Fall Maiden Blush, except in time of ripening and keeping qualities. It being a winter apple and a splendid keeper, the value of such a variety cannot be over-estimated.

This fine apple was produced from seed of the Fall Maiden Blush by Jason Wowning, in Darke County, Ohio, in the spring of 1874. It made a vigorous growth, and at the age of seven years it bore excellent fruit, from which time it has produced fruit annually. In 1883, at the age of fourteen years from seed, it yielded 15 bushels of picked apples. We have been noting the behavior of this apple growing it both in nursery and orchard, and from the weight of testimony in its favor, we have decided to grow it in quantities to supply the increased demand.

Price, 25c. each; $2.50 per dozen. Mailing size trees same price, postpaid.

GENERAL LIST OF APPLES

Price of extra good trees, 20c. each; $2.00 per dozen; $15.00 per 100. Good trees, 3 to 4 ft., 15c. each; $1.50 per dozen; $10.00 per 100. Mailing size, 20c. each; $2.00 per dozen. postpaid.

EARLY HARVEST. Medium early; pale yellow; excellent fine flavor.
RED ASTRACHAN. Large, of crimson hue; beautiful; somewhat acid; withstands winters well; early.
SWEET BOUGH. Large, yellow, sweet, of excellent quality, and profitable as a market variety; early.
EARLY STRAWBERRY. Medium in size; roundish; excellent quality; productive.
YELLOW TRANSPARENT. Of a pale lemon cast; smooth skin; very good; the earliest apple to ripen and fine market sort. Best of the early varieties. Bears very early; often fruits in the nursery row at 3 years old. Be sure to include it in your collection.
DUCHESS OF OLDENBURG. Yellow striped with red; very good; a profitable variety on account of its productiveness. Autumn.
FALL PIPPIN. Very large; rich flesh; creamy white; not as productive as some varieties, but desirable for its extra quality. Early Autumn.
FAMIGUSE. Size medium; roundish; striped with deep red on a white ground; juicy; vigorous grower. October.
MAIDEN BLUSH. An extra mid-autumn variety; whitish yellow, with carmine cheek. A most popular variety.
BALDWIN. Dark red; medium to large; slightly acid. Very poular on account of its flavor and shipping qualities. Early winter.
BEN DAVIS. Very large; red striped; not extra quality, but a good yielder, and sells well in market. Early winter.
FALLAWATER. Large; greenish yellow; fair quality. Keeps well, and very productive. Mid-winter.

YELLOW TRANSPARENT.

CRAB APPLES. Varieties.—Gen. Grant, Hyslop, Whitney Transcendent. Price, 25c. each; $2.50 per dozen.
PEARS.

Prices, except where noted, fine trees, 35c. each; $3.00 per dozen; $22.50 per 100. Mailing size, 30c. each; $3.00 per dozen, postpaid.

VERMONT BEAUTY. It is very vigorous, the leaves free from blight. It is an annual and abundant bearer. In quality the fruit approaches nearer that most delicious Pear, the Seckel, than any other Pear on the market. It is full-medium size, yellow, covered on the sunny side with bright crimson red; flesh melting, rich juicy, aromatic. Ripening with and after Seckel, though much larger in size and more attractive in appearance, it cannot fail to prove a general favorite and very valuable. Price, first-class, 40c. each; $4.00 per dozen.

ROSSNEY. A new and excellent Pear, raised from seed at Salt Lake City, Utah. In size medium to large; very fine grain. Flesh melting, juicy, very sweet. Ripens two weeks after Bartlett; it is an excellent keeper and shipper, with tree much stronger than Kieffer. Specimens of this new variety were received by us from the originator last year, and we were very much impressed with its beautiful and attractive appearance, excellent quality and size; in general appearance it somewhat resembles Bartlett, but is more round. It is very seldom you can find a single this does, and we have great pleasure in offering it as the best Pear on the market at the present time. Price, first-class, 40c. each: $4.00 per dozen.

SUMMER

KOONCE. This pear ripens about two weeks earlier than Early Harvest. It is not quite as large as Early Harvest, but of much better quality, and does not rot at core, as Harvests often do. The fruit is straw color, with red cheek, dotted with brown dots. Tree a vigorous grower; healthy healthy foliage; is very hardy in bud and bloom. Price, 35c. each; 3 for $1.00.

WILDER EARLY. The claims of this pear are early ripening; productiveness, high quality and healthy growth; also long keeping qualities.

BARTLETT. Size large, with blush next the sun; quite juicy; excellent flavor; fruits when quite young. One of the most popular. July and August.

CLAPP'S FAVORITE. Quite large; from green to yellow color; covered with russety specks; rich. July and August.

LAWSON. Quite vigorous, upright growth; almost free from foliage disease, especially blight. Bears young and abundantly. August.

LECONTE. A hybrid between the old Chinese Sand Pear and some cultivated variety. Large; skin smooth; yellow; vigorous in growth; bears young. August.

SENeca. A Bartlett seedling; upright growth; almost blight proof; very handsome tree. Fruit bright yellow, large and excellent quality.

TYSON. Size medium; cheek reddish brown; melting; sweet excellent. August.

AUTUMN

IDAHO. A chance seedling and a noteworthy variety. Will withstand a temperature of 30 degrees below zero. Its size and appearance somewhat resembles the Chinese Sand Pear, but it is far superior to it for eating. It is probably the best pear in cultivation. Large, handsome, core small. October.

KIEFFER’S HYBRID. An offspring of the Sand Pear and Bartlett; is a very ornamental variety, owing to its beautiful foliage. Bears very young, often fruiting in the nursery row. Fruit never rots at core. September and October.
PLUMS

Big Money in Plum Growing

The growing of plums is perhaps as profitable as any of the fruits. A few years ago the market for plums was rather discouraging owing to over-production, and prices ran quite low; however, many have neglected and cut their orchards down. Plums sold readily this year in our market at $4.00 and $5.00 per bushel. The plum trees will come into bearing in three or four years, and will produce from one to five bushels per tree. If planted in the chicken yard the curculio does not bother them, and you are sure of a crop each season. Planted in this way require no attention whatever. Our list of varieties will prove of the very best, and an orchard of 100 or more trees will prove a most profitable investment. Beside when planted in the chicken yard they furnish shade and shelter for the poultry, and each do better than if given separate plots. Let us have your order for at least 100 of our money making sorts.

Price, good trees, 30c. each; $3.00 per dozen; $20.00 per 100. Mailing size, 30c. each; $3.00 per hundred, postpaid.

MOORE'S ARCTIC. Very hardy; a prolific bearer; dark purple; flavor fine.

NIAGARA. Large; reddish purple; green bloom; resembling to Bradshaw.

SHIPPER'S PRIDE. A large, blue plum; very hardy and productive; esteemed for market.

REINE CLAUDE. (Bavey's Green Gage.) Very large; greenish; fine flavor.

YELLOW EGG. A vigorous grower and abundant yielder of luscious fruit.

RED JUNE. A vigorous, hardy, upright, spreading tree, as productive as Abundance, with fruit as large as that standard variety; deep vermillion-red, with handsom bloom, very showy; flesh, light lemon-yellow, slightly sub-acid, of good and pleasant quality; halffell; pit small. Reliability of tree, size and beauty of fruit, its early ripening and fine keeping qualities make it a prize winner.

ABUNDANCE. A very early bearer it often fruits in the nursery row. It bears such loads of fruit that it is often necessary to prop the limbs to keep them from breaking. Fruit large, beautiful and of an amber color. Flesh yellow, tender, sweet.

SPALDING. Fruit large; yellowish green; white bloom; flesh yellow; firm;

fine for canning. Early. Of the claimed curculio proof varieties.

BURBANK. It is the most promising of any variety of Japanese origin. Vigorous, strong branches. Fruit almost curculio proof. A good shipper. June.

BRADSHAW. Very large fruit; dark red; flesh inclined to yellowish green.

GERMAN PRUNE. Large, long and oval. Fine for drying.

IMPERIAL GAGE. Large and oval, with green skin; flesh juicy, sweet, excellent.

LOMBARD. Size medium; bright red; sweet; very good. A variety valuable for market. August.

Apricots

HARRIS HARDY. "The Harris Apricot is being largely grown for commercial purposes and is a marked success. The fruit is fully as large as the best Apricot grown in California, and so much better quality as to make and hold a place in the market or market. Harris Hardy is the one best suited to the situation." Price, 35c. each. against the very best from California. Price, 35c. each.

NECTARINE. A most delicious smooth-skinned fruit, which thrives wherever peaches will grow, but is liable to be stung by the curculio, and requires the same treatment as plums. Price, 35c. each; $3.00 per dozen.
CHERRIES

Price, fine trees, 5 to 6 ft., well-headed and good roots, 40c each; $1.00 per dozen; $30.00 per 100. Mailing size, 30c each. $3.00 per dozen postpaid.

GOV. WOOD. One of the best cherries. Large, light red, juicy and delicious. Tree healthy and a good bearer. Early June.

YELLOW SPANISH. Very large yellow and rich; a popular variety. Is of Spanish origin.

DYEHOUSE. In wood and fruit, it shows a percentage of both Morrello and Duke. Bears early and is a sure fruiter. A week earlier than Richmond.

EARLY RICHMOND. Dark red; medium size; very popular. A standard and time-tried variety. Early May.

WILD CHERRY. 5 to 6 feet. 25c each; $2.00 per dozen.

MONTMORENCY. Larger than Early Richmond, about ten days later, and is probably the best and most paying variety in cultivation.

Other varieties of Cherries, Louise Phillippe, Otheim, Rein Hortense, May Duke and English Morrello.

PEACHES

Price except where noted, good trees, 4 to 6 feet, 20c each! $2.00 per dozen; $12.00 per 100. 2 to 3 ft. trees, 10c each; $1.00 doz.; $7.00 per 100.

CARMAN. Large, resembles Elberta in shape; color, creamy white or pale yellow with deep blush; skin very tough, flesh tender, fine flavor and quite juicy. Ripens with Early Rivers.

CROSBY. Valuable especially for the unusual hardness of its fruit buds. Medium; bright yellow, with crimson splashes and stripes; very attractive; flesh bright yellow; red at the pit; juicy rich. An abundant and regular bearer. Ripens before Crawford's Late.

CHAMPION. Originated in Illinois. Very large, specimens having measured ten inches in circumference, skin creamy white, with red cheek; very handsome; will fruit under trying circumstances. August.

ALEXANDER. Quite large; flesh very juicy and melting; excellent.

BEER'S SMOCK. Large fine quality; a good shipper; color yellow.

CRAWFORD'S EARLY. One of the best early yellow peaches. Fruit large; yellow; with a blush check; very beautiful; productive. Last of July.

ELBERTA. Quite as popular as Crawford's Early. The best peach grown.

EARLY CANADA. An early peach of Canadian origin. Large, hardy. June.

CRAWFORD'S LATE. Fruit large; skin yellow to greenish yellow. One of the best late varieties. August.

POSTER. Of eastern origin. Large; orange red with red cheek; sub-acid flavor; yellow flesh. July.

GLOBE. Large; a reliable cropper; yellow flesh.

HONEST JOHN. Medium; yellow; quality good; productive. Early August.

MOUNTAIN ROSE. Flesh white; a good early peach; rich and excellent.

OLD MIXON FREE. Pale yellow; red cheek; large; good. August.

SHUMACHER. Pennsylvania origin. Medium; yellow; melting and rich. June.

STEADLEY. Greenish white; flesh pure white; hardy. September.

STUMP THE WORLD. Quite large; round; skin white and red; good. August.

SALWAY. Large, roundish fruit; yellow and red skin; flesh yellow; rich; of English origin; excellent for market. October.

SMOCK FREE. Large fruit; orange yellow skin. A good variety, but is rather late. October.

QUINCE TREES. Orange, 35c. each. Champion, 35c. each. Meeches Prolific, 40c each.
The Mayflower is nearly one week earlier. The Mayflower is absolutely red all over, even before it is ripe enough to ship, while the Sneed, as a rule, has but little color.

The Mayflower is a better shipper than Sneed and sells for more money on the markets.

The Mayflower is the earliest peach known and the only extra early peach that has much color. Remember that the Mayflower is a red peach—perfectly red all over.

THE MAYFLOWER is a strong, thrifty grower, grows upright in the nursery, large blooms, very prolific, rather inclined to overbear and should always be thinned. In size it much resembles the Alexander, being fully as large when properly thinned.

MAYFLOWER PEACH. This new peach was originated in North Carolina, and is the earliest peach in existence; besides its color is perfectly red, which makes it one of the best and most profitable market sorts in existence. It is perfectly hardy, an abundant cropper, and should be in every collection of fruit whether for the home garden or for commercial purposes. Our stock comes from the originator, and can be relied upon as being genuine and first-class in every respect. Price good trees, 30c each; $3.00 per dozen; mailing size, 25c each; $2.50 per dozen.
Beautiful Roses

CRIMSON, WHITE AND YELLOW

RAMBLERS

The Three Best Roses Grown

OUR SPECIAL OFFER.—We will send one very large strong plant of Crimson, Yellow and White Rambler for only 75 cents. BLOOMING SIZE. By express. If by mail, add 20c. for postage.

CRIMSON RAMBLER. The plant is of very vigorous growth, making shoots of from eight to ten feet during the season, rendering it a charming pillar Rose. It is also magnificent in bush form, and for covering buildings, trellises, etc., it cannot be excelled. One of the striking characteristics of this Rose is its remarkable color, which is of the brightest crimson, which remains undimmed to the end. The flowers are produced in great pyramidal pinicles or trusses, each carrying from thirty to forty blooms, the individual flowers measuring from one to one and a half inches in diameter and remaining perfect on the plant for upwards of two weeks, with their freshness of color unimpaired. Two-year field-grown plants, 30c. each; 3 for 75c.

WHITE RAMBLER. Same as Crimson Rambler except in color. Price field-grown plants, 30c. each; 3 for 75c. Mailing size 30c. each.

YELLOW RAMBLER. Same as Crimson Rambler except in color. Price 30c. each; 3 for 75c. Mailing size 30c. each.

We send free with model Garden or Orchard (see 2d page cover) one nice plant each of CRIMSON, YELLOW and WHITE RAMBLER

THE BABY RAMBLER. Successive blooms every day from June until frost out of doors. In pots in the house it will bloom every day in the year. Think of Roses every day from June until frost or the year round indoors. It has been known to have 120 flowers on a single pincle. This wonderful ever-blooming rose has won the following prizes at the world's greatest shows: At Paris, at London, at Orleans, National Horticultural Society of France, Royal Horticultural Society of London. Price of plants, (will bloom at once), 30c. each; 25c. per dozen.

HARDY TRAILING AND MEMORIAL ROSES. The finest Hardy, memorial rose for cemetery planting yet produced. Has no equal. Large, double, pure flowers, and bright shining evergreen leaves. Is entirely hardy, needs no protection, does well everywhere and blooms abundantly every season without attention. When trained up to a post, will soon make a pretty weeping Rose, or if left alone, a broad, natural bush of great beauty. Price, 30c. each.

WILD ROSE. Great bloomers, valuable for landscape work. 10c. each; $1.00 per dozen.

NORFOLK ISLAND PINE. This beautiful plant is well adapted to house culture and is almost indispensable as a decorative plant. The dark green branches are arranged in symmetrical whorls, producing a very unique and graceful appearance. Must be sent by express; too large to mail. Price, 8 to 10 inches, $1.00 each.
A New Hydrangea

American "Everblooming"

This New American Hydrangea is believed to be the most beautiful hardy flowering shrub introduced during the last twenty years. It was found growing wild in the rocky hills of Western Pennsylvania several years ago, and finally was introduced into Central Ohio. From this introduction numerous plants have been grown and planted, so that many plants are now growing, three to eight years old, and blooming profusely from early June till toward Autumn frosts. The illustration is from a photograph of a three-year-old plant taken June 15, 1906. At this writing, the old and popular Hydrangea paniculata grandiflora, which up to now has been one of the most popular flowering shrubs has not opened a single panicle of bloom, while the new form has been in magnificent bloom for more than two months.

The plant, which attains a height of five or six feet, with near the same breadth, is of far more graceful habit than the old form; with large trusses of beautiful formed flowers of dazzling whiteness, rendering this a plant of peerless beauty. It seems to thrive in various soils, and when fully exposed to the sun as well as in partial shade.

The profusion of bloom of this new Hydrangea is very unusual. There have been counted 100 good trusses on one plant—trusses 7½ inches in diameter and under. Price, 50c each; $5.00 per dozen.

Hydrangea paniculata grandiflora has been very popular for thirty years or more, and millions of plants have been delivered to pleased customers the world over, and sales were never larger than at the present time. Price, strong plants, 25c. each; $2.50 per dozen.
GLADIOLUS

GLADIOLUS. The most satisfactory, the most desirable and the most popular of all summer-flowering bulbs, and, from its great richness and brilliancy of color, of almost every shade, it is one of the most beautiful and striking flowers in cultivation. It is so easy to grow, in any ordinary good garden soil, and so sure to bloom, from July to November, that every one should plant them. For cutting they are unsurpassed, being very enduring, and will open out to the last bud when placed in water. Plant from middle of April to June, putting the bulbs about four inches deep and six or eight inches apart. We offer the very finest mixtures on the market to-day. Our stock comprises all the best strains, and will give every imaginable shade and color. Price, 5c. each; 50c. per dozen; $2.00 per 100, postpaid.

CINNAMON VINE. A fine hardy climber. The vine is a very rapid grower, producing flowers of a cinnamon fragrance; therefore called “cinnamon vine.” Price, 5c. each; 15 for 50c; 35 for $1.00.

TRUMPET FLOWER. An old time favorite, grown in nearly every old garden. Flowers perfect trumpet shaped, bright scarlet. A rapid grower; one of the finest vines for covering old stumps, fences, trellises, etc. Blooms almost continuously through the summer. 15c.; $1.50 doz., postpaid.

Other hardy ornamental vines:
- Amaryllis Veitchii, 25c. each; 5 for $1.00.
- Chinese Matrimony Vine, 15c. each; $1.50 per dozen.
- Clematis, red, white and blue, 50c. each; 3 for $1.25.
- Clematis, Paniculata, small white, 25c. each; $1 for $1.00.

MIKADO FERN BALL. (Imported from Japan.) The grandest Fern Novely introduced in many years. They do not require planting, but start to make a beautiful growth of dark green foliage in a surprisingly short time after having been given water, grow and thrive under the most unfavorable conditions.

The ball is composed of the Japanese Island Fern Roots and Sphagnum Moss, and so constructed as to send out leaves of beautiful emerald green from every point. They grow rapidly, and make a handsome ornament for the house, conservatory or greenhouse. Price, extra large size, 50c.; small size, 35c. If to go by mail, add 10c. extra for postage.

AMERICAN WONDER LEMON. The largest edible lemon in the world. Blooms and fruits when quite small. Truly a wonder, for no other lemon ever produced such enormous fruit so freely. The plants grow rapidly and make shapely little trees in a few months. Fruit is very handsome as well as useful. Fruit has been taken from a tree weighing over four pounds. No budding or grafting is necessary. The plant is of easy culture, flowering and fruiting in any good ordinary soil. Price, 25c. each; $2.50 per dozen.

OTAHEITE ORANGE. A grand pot plant of great beauty and novelty. It is a dwarf orange that grows, blooms and fruits freely in pots, even when only a foot or two high. The fruit is about one-half the size of the ordinary orange, and is very sweet and delicious. The blooms are produced in the greatest abundance, are delicate and beautiful in color and rich in delicious perfume. Price 25c. each; $2.50 per dozen.

MAMMOTH RUSSIAN SUNFLOWER. An immense yielder—125 bushels of seed to the acre has been grown at less expense than corn. Very highly recommended for good feed for horses.

Price 5c. By mail, postpaid—ptk., 5c.; 1-1b. 15c.; 1b. 40c. by express or freight—10 lbs., $1.50; 25 lbs., $3.00; 100 lbs., $10.00.

MAKE YOUR HENS LAY

Try our Sunflower Seed to make your “Hens Lay.” We will send one large ptk. free with each $1.00 garden seed order. Also one ptk. Beardless Barley—both great egg producing grains.
HARDY HOLLYHOCKS.
Few hardy plants combine as many good qualities or lend themselves as readily to varied uses as the Hollyhock. For planting in rows or groups on the lawn or interspersed among shrubbery they are invaluable. Price, 10c. each; $1.00 per dozen.

WATER LILLY - Nymphaea Odorata. The well-known Water Lily, famous for the fragrance of its beautiful white flowers, which attain a size of five or six inches across. A free-blower; a strong, sure grower, of the easiest cultivation. A tub or half-barrel may be utilized to grow it in, if you do not have a pond or pool of water. Plant the roots in muck or loam, covering the latter with inches of sand or fine gravel, to hold them in position. The root should be barely covered. Give plenty of sunshine. Strong roots. 20c. each; 3 for 50c.; 7 for $1.00.

SWEET SCENTED HONEYSUCKLE. For real home vines near you, climbing over your windows and doorways, there is nothing prettier than fine, sweet scented honeysuckles; the foliage is pretty, neat and clean, the flowers almost continuous. Price, 25c. each.

FUCHSIA FLOWERED. A new perpetual Honeysuckle. Its flowers are long and trumpet-shaped, beautiful coral red, borne in large clusters and dropping like a Fuchsia. It is a strong, rapid grower, with beautiful leaves and numerous branches which trail and drop in a charming, wavy manner. Price, 25c. each.

CALADIUM (Elephant Ears) - This splendid foliage plant gives perfect satisfaction, and is worthy of general cultivation, filling a place where no other plant does, adding greatly to the lawn or garden by its immense tropical like foliage. Plants attain a height of from 4 to 6 feet, the leaves being veined with different shades of green; when massed alone or with Cannas, they produce a striking and beautiful effect. They are of easy culture, and will grow in almost any garden soil, but if especially large plants are wanted they should be planted in a well enriched soil and given water in abundance throughout the season. The bulbs may be kept over winter by taking up in the fall when frost kills the foliage; leave some soil on the roots, dry, gradually in a dry, airy, shady place for several days, then pack in a shallow box in dry sand or soil and store in a dry cellar where it does not freeze. Price by mail, postpaid, 25c.; by express, not prepaid, 15c. each; $1.50 per dozen.

YUCCA
A hardy evergreen plant with long narrow leaves that are bright green the whole year. The flowers are creamy white, bell-shaped, produced on long spikes 3 to 4 feet high. Fine, stately lawn plant. Good strong plants. 15c. each; 10 for $1.00, postpaid.

ORNAMENTAL GRASSES
Beautiful for lawns and borders. Two leading varieties. Eulalia Japonica and Zebra Variegated. Good strong clumps, 15c. each; $1.50 per dozen.

RIBBON GRASS, good strong clumps, 15c each; $1.50 per dozen.

HARDY PHILOX, 10c. each, $1.00 per dozen. PEONIAS, mixed colors, 2 to 5 eyes, 25c. each; $2.50 per dozen. DAHLIAS, 10c. per clump, dozen $1.00. DAISIES, per clump, 10c. each, $1.00 per dozen. All above valuable to grow for cut flowers to sell on the market.
GOLDEN GLOW

A hardy perennial plant, growing eight feet high, branching freely, and bearing by the hundreds, on long, graceful stems, exquisite double blossoms of the brightest golden color and as large as Cactus Dahlias. It grows vigorously, throws up strong branching flower stems six feet high, laden with sheaves of golden blossoms as large as fair Chrysanthemums, and all having an elegant, graceful appearance, without any of the stiffness in habit of blossoms peculiar to sunflowers. It is the most effective flowering plant for August and September cultivation. Price, strong plants, 10 cents each, three for 25 cents, 15 for $1.00.

HARDY ORNAMENTAL in the fall, and reuniting bear shipment dry stock will recover from injury much better than at other seasons of the year.

HYDRANGEA (Paniculata Grandiflora). One of the best flowering shrubs; absolutely hardy in all sections of the country. Easy to grow. Flowers in immense panicles, white at first, gradually changing to rose color. In bloom July to September. Strong plants, each, 25c.

SWEET-SCENTED SHRUB (Calycanthus Floridus). Chocolate colored, strawberry scented flowers, very double, deliciously fragrant; in bloom a long time. Each, 25c.

SPIREAS. Every one should plant these graceful shrubs; of easiest culture; very desirable in collections; bloom early and throughout the summer months. Perfectly hardy. Each, 25c; dozen, $2.50.

ATHEA (Rose of Sharon). Strong, erect growing shrubs of the easiest culture, which bears large and showy flowers in early fall. Very desirable as an ornamental hedge plant on account of flowering when few other shrubs are in bloom. Each, 25c.

FRINGE (Smoke Bush). Large shrub, admired on account of its feathery bloom, which covers the plant like a cloud of smoke. We can supply purple or white. Each, 25c; dozen, $2.50.

PURPLE LILAC. The old variety. Each, 25c.

SPIRAEA VAN HOUTTEL

SWEET-SCENTED SHRUB (Calycanthus Floridus). Chocolate colored, strawberry scented flowers, very double, deliciously fragrant; in bloom a long time. Each, 25c.

SPIREAS. Every one should plant these graceful shrubs; of easiest culture; very desirable in collections; bloom early and throughout the summer months. Perfectly hardy. Each, 25c; dozen, $2.50.

Barberry, each, 25c.; Deutzia, each, 25c.; Japonica, each, 25c.; Forsythia (Golden Bell), each, 25c.; Weigelia, each, 25c.; Snowball Viburnum (Japanese), each, 35c.; Common Snowball, each 25c. White Lilac, 25c. each.

Hardy Ornamental Climbing Vines

AMPELOPSIS VEITCHII, 25c. each, 5 for $1.00.

CHINESE MATRIMONY VINE, 15c. $1.50 per dozen.

HONEYSUCKLE, 15c. each, 50c. per dozen.

CLEMATIS (assorted varieties) 50c. each,

Horse Chestnut

A very popular shade and ornamental tree, much prized for the large showy flowers borne annually in great profusion and in autumn bear large red nuts that cover the ground and are highly prized by children although they are not fit to eat. This is a tree that should be planted more generally as its great beauty is not known. Price, 6 to 8 feet 75c. each.
CATALPA SPECIOSA.

Valuable for posts, railroad ties, telephone poles, fuel, etc. etc. Makes rapid growth and is highly recommended by experiment stations and institute lecturers. We are growing the genuine Speciosa which is the only variety worth planting for above named purposes. It thrives everywhere and should be planted in all waste places, woodsides and hills too steep for cultivation.

Price, 1 to 2 ft. 25c. dozen, postpaid; by express, $1.00 per 100; $6.00 per 1,000. Larger size, 2 to 3 ft. $2.00 per 100; $15.00 per 1,000.

Our Fine Osage Orange

Osage Orange is not quite as rapid in growth as Catalpa and Locust, but it will outlast either when used for posts, as a post six inches in diameter will last a lifetime. Price per dozen, 1 to 2 feet, postpaid, 25c; by express, $1.00 per 100; $6.00 per 1,000.

BLACK LOCUST. A group of Black Locust, two years old, growing from stump after first cutting had been made. The second growth is very rapid and the ground soon resets itself. Notice the vigorous, healthy wood, standing firm and erect. One of the most valuable post and railroad tie timbers. Makes rapid growth and very durable. Price, 1 to 2 ft. 25c per doz., postpaid; by express, $1.00 per 100; $6.00 per 1,000.
California Privet Hedge

California Privet Hedge. One of the most beautiful plants for hedge in existence. There is no other hedge plant that will equal the California Privet for this purpose, becoming more beautiful each year. A quick, strong growing shrub, yet easy to control by use of shears or knife to any desired shape. Fine for hedges between city lots, on large rural grounds, parks, cemeteries, in single clumps or with other shrubs, also as screens to out-buildings, fences, etc. Very hardy, to grow on all soils, even in partial shade: almost evergreen, its rich leathery green age to purple in winter. Each 10c. By express, $1.00 per 100; $30.00 per 1,000.

OTHER HEDGE PLANTS

Osage Orange, price $1.00 per 100; $8.00 per 1,000. Honey Locust, price $1.50 per 100; $10.00 per 1,000. Barberry, Purple Leaf, price, $8.00 per 100.

NUT TREES

CHESTNUT JAPAN. Very distinct from all other chestnuts, dwarf grower; productive, usually producing nuts when two or three years old. Nuts of immense size, surpassing all other kinds; of fair quality when outside skin is removed. 2 to 3 feet, 50c.; 3 to 4 feet, 60c.

Pecan Trees, 2 to 3 feet, by express ... 25 cents each; $2.50 per dozen.
Hickorynut, 2 to 3 feet, by express ... 25 cents each; $2.50 per dozen.
Black Walnut, 3 to 4 feet, by express ... 25 cents each; $2.50 per dozen.
Beechnut, 4 to 5 feet, by express ... 25 cents each; $2.50 per dozen.
Hazlenut, 2 to 3 feet, by express ... 25 cents each; $2.50 per dozen.
Butternut, 3 to 4 feet, by express ... 25 cents each; $2.50 per dozen.

JAPAN GIANT CHESTNUT.

MULBERRIES

NEW AMERICAN. An ever-bearing variety, ripening from middle of June until the middle of September. It forms a handsome shade tree, is much harder than the Downing, and is a heavy annual bearer of large, sweet, delicious and refreshing berries that do not have the mowkish sweetness of most varieties. Delightful for making pies, dumplings and puddings. 5 to 8 feet, 40c.; 3 for $1.00.

RUSSIAN MULBERRY. A shady, rapid growing timber tree; also useful in silk culture. Fruits abundantly on quite young trees. Is planted largely by poultrymen as food for chickens; also planted for posts. Price 5 to 6 feet trees, 25c. each; $2.50 per dozen.

Downing Everbearing mulberry same price as New American.

ELDER BERRY

These berries are highly esteemed in many parts of the Old World for cooking and in the making of cordials. 2 feet high, 15c.; 12 for $1.50. Small plants by mail at same price.

ARTICHOKE ROOTS—Jerusalem

They are the best hog food known. Very 'attractive and very productive. (1,000 bushels have been grown on one acre). Easily grown. They need not be dug, the hogs should be turned in on them. One acre will keep 20 to 30 hogs in fine condition from October until April, except when the ground is frozen too hard for them to root. Three bushels will feed an acre. Cut and plant like potatoes. Lb., 35c. 3 lbs., $1.00, postpaid. By freight or express, peck, $1.00; bushel, $3.00.
Good Seed Corn

Our Seed Corn is equal to any, we do not care where it comes from or how long its pedigree. We grow annually over 25 acres on our own seed farms and select what we sell with the same care as we select our own. Send us a trial order and increase your yield 10 to 25 bushels per acre.

**STOWELL’S EVERGREEN.** A favorite with canners and market gardeners for late use, and especially for the kitchen garden. Ears large, kernels very deep, tender and of most delicious sweetness; very productive. qt., 40c.; pk., $1.00; bu., $3.00.

**CASH.** A new deep grained yellow corn with the smallest cob of any variety known. We have bred this corn from a small cobbled early corn from Michigan until the cob is no thicker than the cobs of popcorn. The ear is medium to large, well filled at butt and tip ends, with beautiful golden deep grains. This corn is beyond doubt the best feeding corn in existence. Matures in 100 to 110 days. Shells easy as early as September. It certainly is the ideal corn. Everyone will buy it for seed that sees it.

Price, 50c. per quart, postpaid; 75c. per peck; $2.00 per bushel. Sample ear, 25c., postpaid.

**REID’S YELLOW DENT.** A tremendous yielder of big long ears. The most popular Yellow Dent among the corn growers of Ohio, Indiana and Iowa. Reid’s Yellow Dent matures in about 100 to 105 days, and throughout the corn belt is considered an early variety. The above in this latitude need not hesitate to plant our home-grown Reid’s as it is sure to mature. Price, 50c. per peck; $1.50 per bushel.

Improved Leaming has made a yield of 100 bushels per acre for several years in succession on our seed farms.

**IMPROVED LEAMING.** Bred from the original J. S. Leaming Corn, with increased size of ears, percentage of grain, depth and roughness of kernel, and feeding value. Deep golden color; striking uniformity. Kernels broad, thick, deep, rather rough, rounded wedge shaped. Red cob, medium in size, with medium large shank. The stalks are from 9 to 12 feet high. Great abundance of large sized leaves, often twenty to a stalk. Matures in about 115 days. Price, 50c. per peck; $1.50 per bushel.

**WHITE CAP YELLOW DENT CORN.** Our new White Cap Corn comprises more good points than any other variety ever grown, being suitable to all climates and soils. It matures very early. The ears are large and well filled. It matures in ninety to ninety-four days, commands the highest market price, and, taking all in all, is the best field corn grown to-day. The name implies it is a white cap corn—not a white corn, but a yellow kernel with a small white cap, giving it the appearance at first sight of white corn. The ears are of good length, perfectly straight, small cob, with deep grains filled out to the very ends. Price, 50c. per peck; $1.50 per bushel.

**HICKORY KING.** A white field corn which has the largest grains, with the smallest cob of any white corn ever introduced. So large are the grains and so extremely small the cob, that, on an ear broken in half, a single grain will almost cover the cob section. Of strong, vigorous growth, and yields splendid crops on light soil, and is a desirable variety where the season is long enough to mature it. Per peck, 50c.; bushel, $1.50.
IRISH VICTOR OATS

The Irish Victor was brought from Ireland, and has proven superior to many other sorts in vigor of growth, stiffness of straw and productivity. It ripens about the same season as Lincoln, and yields more than that very productive variety. The grains are large, plump and heavy. Plant grows to medium height, stools out exceptionally well, is free from rust, and yields an immense crop. Price per peck, 40c.; bushel, $1.25.

NEW SWEDISH SELECT. We find this new Russia variety to be the most wonderful new oat, and the claims made by the Agricultural Department are not too strong. At a test at the Wisconsin Agricultural College, the Swedish Select proved the most satisfactory of 36 varieties entered. The yield from 36 to 40 pounds per measured bushel. The straw is stiff, coarse, and is noted for its power to stand, plump and thick, with good, long, well filled heads. The plant makes a good growth and develops a splendid root system, making it one of the best drouth-resisters in dry seasons. It is among the earliest to ripen and succeeds throughout the entire country. Every farmer receiving our catalogue should try at least a few bushels of this variety. Price, large packets, by mail postpaid, 10c.; peck, 50c.; bushel, $1.25.

LINCOLN. An old, well-tried variety, very popular with many of our best farmers. It ripens the crop early, with stiff straw and is quite productive. Price per peck, 40c.; bushel, $1.00; 10 bushel $10.00.

MIXED OATS. We have some extra fine oats that have become mixed slightly that we are offering at a special low price. Remember this is not common oats, but our very best varieties that have become slightly mixed in threshing. They will all ripen at the same season, and for feeding purposes or market will be quite equal to any of the seed we offer; but of course we cannot offer it as strictly pure seed; however, there is nothing in it but good clean oats that will surprise you with the enormous yield and fine quality. Price, $1.00 per bushel.

BEARDLESS BARLEY. This great stock food and fat producer is best egg producing food known. Sows early as possible in spring. Straw is about the height of the common barley, but better, and will stand up on any land; with good land and season it has produced 80 bushels per acre. Sows as early as you can; frost does not hurt it. Many will not grow barley on account of the long harsh beards which are so disagreeable in threshing, although it is a profitable crop. This is beardless and as easy to grow and handle as oats. It has hulls like the Mansbury or any other variety, and is a heavy cropper, yielding 50 to 75 bushels per acre, and the quality is excellent both for malting and for feeding hogs and other stock. Try it for your poultry. Price, package, 10c. postpaid; quart, 25c.; per pk. 50c.; $1.50 per bushel.

SPELTZ

SPELTZ. Good for pasture; fattens in the green state; a heavy stocker, and will likely yield any other grain on earth. It’s the perfection food for cattle; hogs squeal for it; cows will leave other food for it; sheep delight in fattening on it; and poultry relish the grain. Speltz will produce three times the value of oats or rye. Speltz is a combination of rye, wheat and barley, but resembles barley more than other grain. We only ask you to give this wonderful grain a trial to prove its merits. Prices, pkt., 10c.; postpaid; lb., 15c.; postpaid; peck, 50c.; Bushel $1.25.
Fine Seed Potatoes

EXTRA EARLY SIX WEEKS

A valuable early variety for market. Gardeners and all others who grow potatoes for home or market will prize this potato ahead of all others on account of its extreme earliness, good table qualities, fine size and shape, great productiveness and splendid keeping properties. The potatoes cook fine, and dry from the time they are large enough until late spring. Size is medium, skin light flesh color, shape round. They are perfect beauties, heavy yielders, and a sure cropper. This potato, strange to relate, keeps sound, solid, and fresh late into the spring, equal to any potato that we ever saw. The earliest potato on record. Do you want to be first in market with potatoes? You know the price is always higher for the early crop. Others may equal it in size, quality, or productiveness, but in earliness six weeks’ market is unapproachable. Price, per peck, 75c; bushel, $2.00; barrel, $5.00.

Seneca Beauty Potato.

BLISS EARLY TRIUMPH. Extremely prolific and a full week in advance of early Rose. Color a beautiful light red. Size medium. Growth, very uniform. Shape, nearly round. The flesh is white; very mealy when cooked. This potato is in exceedingly high favor with Southern market gardeners and truckers, and is shipped to the Northern markets in enormous quantities in the early spring. It grows also well in the North. The eyes are slightly depressed and the skin is smooth, making a handsome early potato in barrel or basket. Its beauty, good quality, extreme earliness and great productiveness make it highly profitable. Price, 75c per peck; $2.00 per bushel; $6.00 per barrel.

Bliss Early Triumph

EARLY OHIO. One of the best early potatoes. It is fit for use before fully ripe. Many growers consider it the most profitable and market variety, as it produces well in every section. Per peck, 75c.; bushel, $2.00; barrel, $5.00.

CARMAN No. 3. It is the best late variety, and one of the greatest yielders; large, oblong, slightly flattened. This splendid potato has a record of having produced over two hundred bushels from one barrel of seed. Per peck, 50c.; bushel, $1.50; barrel, $4.00.

EARLY MINISTER. This is beyond doubt the finest and best market potato we grow. While it is not quite as early as Early Six Weeks, it makes an enormous yield, and produces fine white tubers of the very largest size. It is a vigorous grower, making a splendid growth of vines with broad, thick, leathery leaves, making it a sure cropper regardless of weather conditions. This variety usually brings five to ten cents per bushel more on the market than the ordinary potatoes. It cooks well equal to the Early Ohio, and is mealy and fine for table use as soon as it attains proper size. One of our very best. Price, 75c. per peck; $2.00 per bushel; $5.00 per barrel.

POTATO EYES. To save high expenses and freight rate, also to secure safe arrival in the coldest weather, we are offering, to order, top quality, good sound Potato Eyes of the varieties we offer nicely packed and sent postpaid at their following prices:

20 cents....per 12 eyes
5 cents.......per 15 eyes
10 cents......per 75 eyes
$1.00.......per 175 eyes

Postpaid in each case. 35 eyes should produce one bushel of potatoes.
GARDEN ROOTS
No Garden Complete Without Them. A FINE COLLECTION

ASPARAGUS CULTURE

Postpaid at Dozen rates: per 100 and 1,000 by express.
A deep, rich soil is indispensable to secure large, heavy stalks. Plant in rows four feet apart, with the plant, three feet distant. Set so that the crowns are about and inch below the surface. Top-dress annually in the fall with stable manure and fork under in the spring.

DONALD'S ELMIRA. This fine, new variety produces thick, green stalks of the finest quality and has recently become very popular. It is also called Vick's Mammoth. This is undoubtedly the largest and best Asparagus grown. In size, color and yield it far surpasses any other variety in cultivation, while we find it to be less susceptible to disease than any other. No one should fail to try this valuable variety. Price, 25c. per dozen; 75c. per 100; $5.00 per 1,000.

COLUMBIAN MAMMOTH WHITE. A distinct variety of mammoth size, great yield, and superior quality; remarkable for the clear whiteness of its stalks, which retain their purity and color until several inches above the surface. Price, 25c. per doz., 75c. per 100; $5.00 per 1,000.

PALMETTO, BARR'S MAMMOTH AND CONOVER'S COLossAL. The standard market sorts, all green and tender. Price, 25c. per dozen; 75c. per 100; $5.00 per 1,000.

$1.00 PER BOX OF CHOICE GARDEN ROOTS, POSTPAID.

We will send you this collection by mail, postpaid for only $1.00: 25 Columbian Asparagus; 12 Sets Horseradish; 6 Myatt's Linnaeus Rhubarb; 2 Holt's Sage Roots.

Holt's Mammoth SAGE.

HOLT'S MAMMOTH. Plants of strong growth, very large, borne well above ground, and of unusual substance, strong flavor and of superior quality. Price, 10c each; 75c. doz.; $1.00 per 100, postpaid.

CATNIP. Leaves and young shoots are used for seasoning. Also used as nerveine for infants. Price, 5 cents each; 50 cents per dozen.

MYATT'S LInNAEUS. Popular and the best for general use. Early, very large, productive, tender, and delicately flavored. Require less sugar than other sorts. Price, plants, 10c. each; $1.00 per dozen; postpaid $3.00 per 100; by express.

QUEEN. Strong, vigorous grower, producing extra large stalks of finest quality, of a decided color. For canning or cooking in any way its quality is unsurpassed. Price, 10c each; $1.00 per dozen; postpaid; $3.00 per 100; by express.

Money Maker Horseradish

A new variety which is proving to be a veritable gold mine to market gardeners, a rapid grower of very large roots. It is much earlier than the old variety of horseradish, and produces a much larger crop, and as it matures so much earlier than the old variety. Growers are able to get their crop into the market while prices are high, making it the most profitable of all root crops of this class. Easy to grow, matures quickly, and produces abundantly. Should be in every commercial and home garden. Price of good roots, 25c. per dozen; $1.25 per 100, postpaid; $10.00 per 1,000, by express.

HORserADISH, [Common]

This useful condiment is easily grown and prefers a rich, moist loam. Price, 25c. per dozen; 75c. per 100; postpaid. $6.00 per 1,000 by express.

WATER CRESS

WATER CRESS. Valuable for greens during early spring and winter. Grows in streams or very wet land on which water stands the year round. Price, 25c. per dozen plants, 50c. per 100, postpaid.
BUFF ORPINGTONS. This new breed is commanding the attention of all the best breeders and fanciers in the land. They are very large, matured cocks weighing from 11 to 12 pounds, hens 9 to 10 pounds. They are exceedingly good layers, good setters and splendid mothers. They have the beautiful buff color which is so much desired of late. Their extremely large size, combined with their good laying qualities, rank them as one of the leading varieties. Price of eggs, $2.00 per 13.

MAKE YOUR HENS LAY. Try our Sunflower Seed to make your "Hens Lay." By mail, postpaid—pkt., 5c.; ¼-lb., 15c.; lb., 40c.

WHITE LEGHORN. Regular egg machines. They will lay more nice white eggs than any other breed. Price of eggs, $1.25 per 13.

GOLDEN WYANDOTTES. As a general purpose fowl they rank among the best, being good layers and of good size, and as they mature quite young, we claim them to be one of the very best general purpose fowls. Price of eggs, $1.50 per 13.

FERRETS. Rid your place of rats, rabbits and other vermin. No investment will pay so well where rats infest buildings, as one or more ferrets will absolutely clean the premises of all rats and mice in a short time, as rats will not stay in the building where ferrets are kept. They are easy to handle, and much sport can be had hunting rats and rabbits with them. They are easily cared for as their principal food is new milk and bread and a very little meat once or twice a week.

The ferrets we offer are from the very best hunting strains and are sure to give perfect satisfaction. Price yearling females best ratters $3.50 each; spring males $2.50 each; pair spring ferrets old enough for the hunting season $5.00.

SCOTCH COLLIES.

We can furnish some of the best Scotch Collies in the country at very reasonable prices. Our stock is from the very best bred strains. Price of puppies, $10.00 each.
